

Company Profile

We are a Trinidad and Tobago manufacturer of healthy rice snacks.

- "Sulten" is a Danish word that means "hungry."

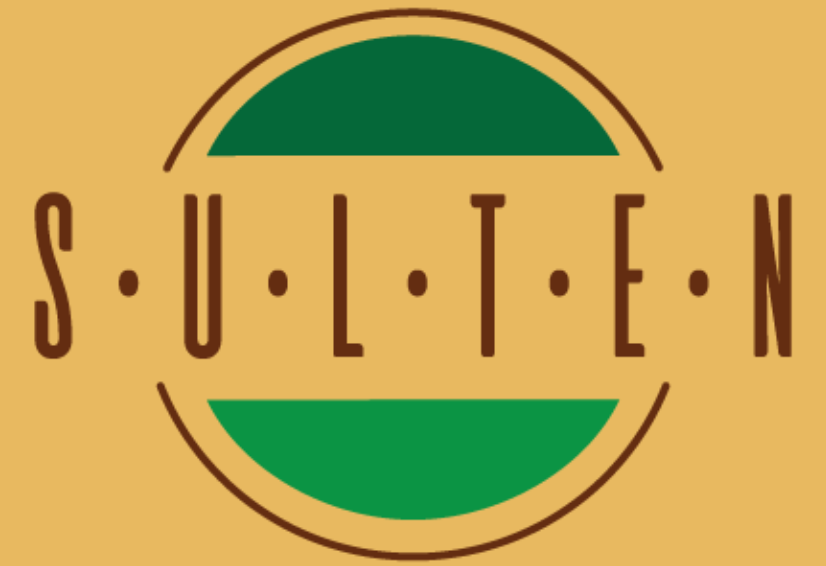

About Us

The Sulten brand was born of a desire for high quality, nutritious, gluten free snacking alternatives.

In 2019, Founder- Melissa Pascal, recognized there was an opportunity to enter the local wellness snacking category, after facing repeated shortages of the imported, leading rice snack products. Sulten Manufacturing then started producing baked rice cakes in 2020, and eventually expanded the range to include rice crackers.

Sulten Manufacturing is a subsidiary of Pascal's Bakery. Pascal's Bakery was established in 1986, and is involved in the manufacture of commercial baked goods and traditional bakery items.

The Sulten range of Rice Cakes and Rice Crackers can be found at leading retail outlets in Trinidad and Tobago.

Our Value Proposition

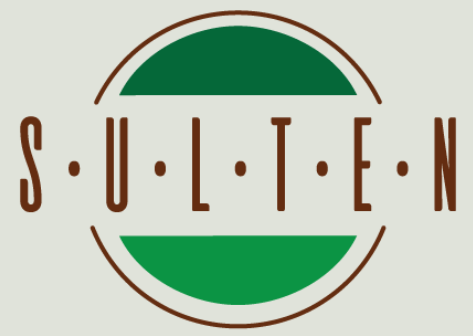

For conscious consumers searching for a delicious and nutritious treat, Sulten rice snacks are the local alternative that can feed their wellbeing.

- **Vision**

To be at the forefront of rice-based wellness snacking in the Caribbean

- **Mission**

We provide healthy rice snacking indulgences that strengthen the Caribbean's food ecosystem.

Our CEO

As Managing Director of Pascal's Bakery and Chief Executive Officer of Sulten Manufacturing, Melissa Pascal brings tremendous business experience, leading and transforming a second generation family business (Pascal's Bakery).

Her passion for innovative products, combined with a drive for producing more local goods that can drive regional food security, feed her desire to expand into more “better-for-you”, homegrown food products.
