EXPORTS

We are capable of handling weekly shipments of any size in fast and reliable manner thanks to our wide range of consolidated service, documents handling, customs service, cargo insurance, devanning and delivery to all Central, South America and the Caribbean.

Our international agents network allows to provide instant tracking service since your cargo leaves our premises until it arrives its final destination, offering our customers precise status information of their shipments and a reliable tailor-made assessment.

IMPORTS

As we know that the world market is open and ready for your business, we make sure that our customers take the opportunity providing our experience and resources to deliver their products in a faster way.

We serve in consolidated maritime from far East, Asia, Europe, United States, Costa Rica, Mexico, Colombia, Venezuela, Brazil, Ecuador, Peru, Chile and Argentina, thus covering the most important points of importation into Panama and serving as a transshipment station to Central America, South America and the Caribbean.

AIR FREIGHT

Our global air freight services meet the needs of transit time from our customers, from urgent shipments to routine deliveries. We offer you the flexibility to ship your load when and where you want.

Our range of international air freight services, offers our customers guaranteed door to door delivery from and to any destination.

Highly qualified operating personnel handling any type of air cargo, trucks with daily itineraries of delivery and pickup of cargo at the international airport of Tocumen, and soon in the new international airport at Colon.

GENERAL CARGO HANDLING

For us, it is essential the tranquility of our clients, therefore we offer you the security that your merchandise deserves, insuring your cargo against physical loss or damage.

Our cargo Security Department, works every day in risk prevention caused by the development of tasks and the strengthening of the safety culture.

LOCAL AND REGIONAL DELIVERIES

We send and receive weekly consolidated maritime containers and trucks to and from Panama, Central America and the rest of the world, with our excellent multimodal link which allows us to offer comprehensive transportation services.

Our ground service covers all the Central American countries every week. Our own trucks allows us to guarantee a good service.

STORAGE AND INVENTORY CONTROL

We have a flexible and optimized storage infrastructure for your goods, we adapt to your needs of storage periods and we offer security adapted to the volumes and frequency of importation or exportation of our customers, meeting your need to reduce the execution times as well as to maintain an optimal inventory level.

We also have temperature-controlled storage spaces.

Our technology allows our clients online access to their inventory and requests for services at all times, virtually guaranteeing that there are no losses or products out of place.

EXTRA VALUES / SERVICES

CUSTOMS CLEARANCE SERVICE

Our customs clearance service in export and import is so complete and integrated that helps us to achieve efficiently the objectives of our clients. We have means for the validation of certificates, as well as the payment of taxes and fees.

We arrange and manage on behalf of our customers all the complexity of major ports, airports and border points, covering exports and imports, inventory, distribution and transportation of products, assessments and consultancies.

INTERNATIONAL COMMERCE

Our experience, resources and technology allow us to help our customers reach their products without risks and delays in a quick way.

We have the ability to help you change the conditions of purchase with your suppliers, improve control of your supply chain and reduce your costs of production, logistics and inventory.

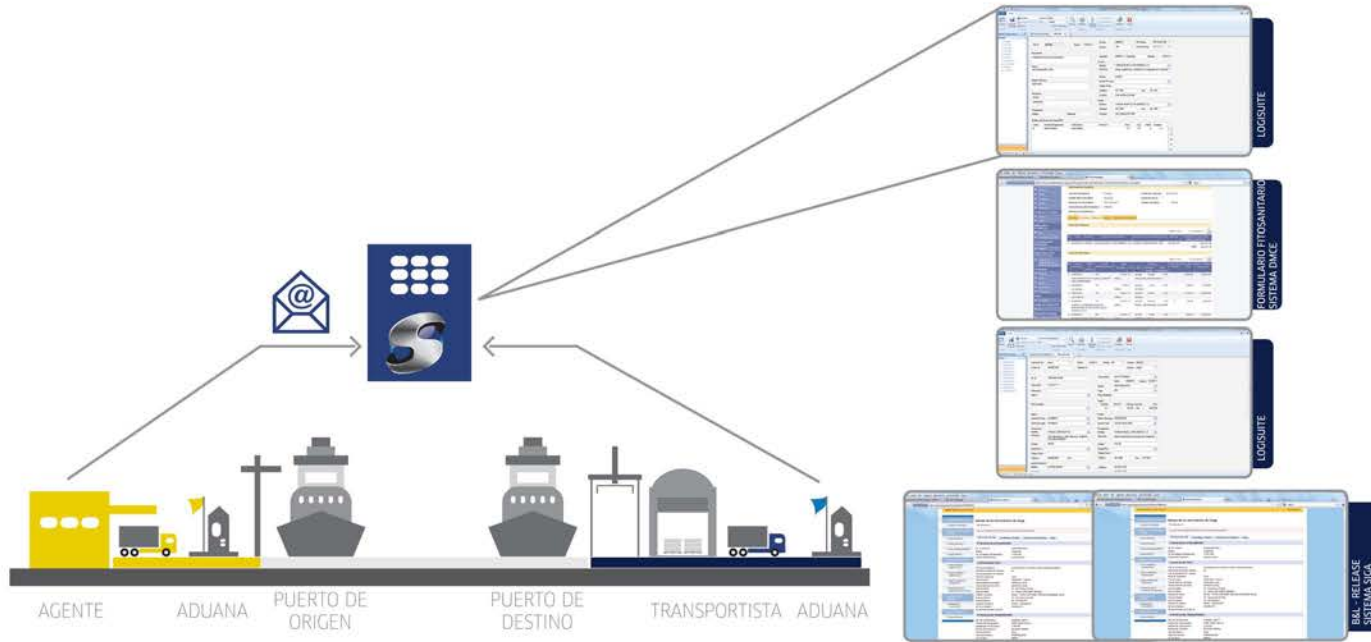

We have the international experience in all industrial sectors, and we are committed to operations anywhere in the world. We unify processes to help you manage your projects and improve continuously.
