**REGISTRAR GENERAL'S DEPARTMENT**

---

**For Immediate Release**

**Dated: 11 January, 2023.**

**UPDATE ON COMPANIES REGISTRY SERVICES**

The Registrar General's Department (the Department) wishes to update members of the public on the disruption of Companies Registry services further to the Department's Public Notice issued on Friday 16 December, 2022.

As the Department previously informed the public, on Friday 9 December, 2022, the Companies Registry system experienced a crash of its aged servers resulting in Companies Registry data being inaccessible and consequently, the Companies Registry services were negatively impacted. The Department acknowledges that this has caused great inconvenience to members of the public and wishes to assure our clients and stakeholders that we are working assiduously to resolve our current challenges.

In this regard, the Department advises that the newly designed and created Companies Registry Online System (CROS) will be launched in the shortest possible time. The public is advised that to access CROS, registration for a Companies Registry Account is required. To register, please visit the Companies Registry website via [www.legalaffairs.gov.tt](http://www.legalaffairs.gov.tt).

Members of the public are therefore encouraged to register as we anticipate that CROS will be launched and functional on Wednesday 1 February, 2023.

We again apologise for any inconvenience caused and appreciate your understanding in this matter.

**END.**
