FEED

TILAPIA GROWER

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Calcium%
Tilapia Grower 22.5 Kg	13.0 Maximum	33.0 Minimum	3.0 Minimum	7.0 Maximum	1.5 Minimum

Product Benefits:

- Contains 33% protein to meet the requirements to market weight for tilapia.
- Extruded, floating ration with superior water stability and higher absorption rate.
- Elimination of anti-nutritive factors and does not contain any hormones.
- For improved performance and uniformity of fishes.
- Pelleted for easy consumption and results in less feed wastage.

EXTRUDED RABBIT GROWER

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Calcium%
Extruded Rabbit Grower 22.5 Kg	13.0 Maximum	16.5 Minimum	2.5 Minimum	15.0 Maximum	1.1 Minimum

Product Benefits:

- Contains 16.5% protein to meet the requirements for growing rabbits to get to market faster
- Extruded feed is superior, making the starches gelatinize and other nutrients in the ration easier for rabbits to digest and absorb compared to a pelleted ration of similar nutrient profile.
- Stronger and more stable feed particles in the ration for gnawing.
- Elimination of anti-nutritive factors and does not contain any hormones.
- Optimum fibre for overall gut health and mobility, caecotrophy and appetite stimulation.
- Pelleted for easy consumption and results in less feed wastage.

RATIONS FOR LAYER TYPE BIRDS

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Calcium%
Pullet Grower/ Developer Ration 45 Kg	13.0 Maximum	15.5 Minimum	2.0 Minimum	4.0 Maximum	0.9 Minimum
Super Layer Ration 19% 45 Kg	13.0 Maximum	19.0 Minimum	2.5 Minimum	4.0 Maximum	4.0 Maximum

Product Benefits:

- All in one ration (complete ration, ready to use).
- Coarse crumbled pellets for easy feed intake and waste reduction.
- Packed with the balanced levels of nutrients for optimal health and immune function.
- Does not contain any hormones.

BROILER RATIONS

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Calcium%
Broiler Starter Ration 45 Kg	13.0 Maximum	33.0 Minimum	3.0 Minimum	7.0 Maximum	1.5 Minimum
Broiler Finisher Ration 45 Kg	13.0 Maximum	20.0 Minimum	3.5 Minimum	4.5 Maximum	0.9 Minimum

Product Benefits:

- All in one ration (complete ration, ready to use).
- Packed with the balanced levels of nutrients for optimal health, immune function.
- No hormones.
- Contains protectant additive to improve health of birds.

DUCK STARTER RATION

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Calcium%
Duck Starter Ration 45 Kg	13.0 Maximum	20.0 Minimum	3.5 Minimum	3.5 Maximum	0.9 Minimum

Product Benefits:

- All in one ration (complete ration, ready to use).
- Pelleted form to permit easy feed intake and reduce wastage.
- Does not contain any hormones.

HIGH GAIN RATION

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)
Sow Gestation Ration 45 Kg	13.0 Maximum	13.0 Minimum	8.0 Minimum	7.0 Maximum
Sow Lactation Ration 45 Kg	13.0 Maximum	15.5 Minimum	8.0 Minimum	7.0 Maximum

Product Benefits:

- Specially optimized nutrients to meet the nutrient requirements and support healthy pigs.
- Formulated for a moderate energy level to maintain sow condition during gestation.
- All in one ration (complete ration, ready to use).
- Does not contain any hormones.
- Easy to feed pellets to permit feed intake for swine and reduce waste.

PIG FEED

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)
Pig Starter 45 Kg	13.0 Maximum	18.5 Minimum	6.0 Minimum	4.5 Maximum
High Gain Pig Grower 45 Kg	13.0 Maximum	15.5 Minimum	8.0 Minimum	5.5 Maximum

Product Benefits:

- Balanced protein to meet the requirements.
- Added lysine which helps promote growth and development of muscle.
- All in one ration (complete ration, ready to use).
- Does not contain any hormones.

DAIRY RATIONS

Guaranteed Analysis:

Product:	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Calcium%
Dairy Ration 16% (Pelleted) 45 Kg	13.0 Maximum	16.0 Minimum	2.5 Minimum	7.0 Maximum	1.0 Minimum
Dairy Ration 18% 45 Kg	13.0 Maximum	18.0 Minimum	2.5 Minimum	7.0 Maximum	1.0 Minimum

Product Benefits:

- Meets the protein requirements for high performance lactating cows.
- Contains sugarcane molasses to encourage feed intake.
- Contains vitamins A, D and E to improve performance and help to protect against diseases.
- Does not contain any hormones and medications.
- Easy to feed pellets to permit feed intake for dairy cows and reduce waste.

RUMINANT MIX COARSE CRUMBLED RATION

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Calcium(%)
Ruminant Mix Coarse Crumbled Ration 35 Kg	16.0 Maximum	14.0 Minimum	2.5 Minimum	6.75 Maximum	1.0 Minimum

Product Benefits:

- Contains 14% protein and high fibre.
- Easy to feed coarse crumbles to permit easy feed intake for ruminants and reduce waste.
- Formulated with non-medicated and non-antibiotic additives.
- No added hormones.
- Mainly a maintenance ration for small and large ruminants.
- Can be supplemented along with high quality forage and combined with other suitable feedstuffs for growing small ruminants.

ALL PURPOSE FEED 14%

Guaranteed Analysis:

Product	Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)
All Purpose Feed 14% 35 Kg	13.0 Maximum	14.0 Minimum	4.0 Minimum	12.0 Maximum

Product Benefits:

- Contains 14% protein.
- Pelleted ration. Ready to use for suitable adult livestock (not a complete feed).
- High fibre content.
- No hormones.

(Disclaimer: Not recommended for animals or chicks in early/starting stages of life, Gestating and Lactating Animals. This product may not meet the full nutritional requirements of some animal species and therefore supplementation of other food materials may be required.)

COMMAND PERFORMANCE™

Powerful Nutrition for Active Dogs

COMMAND PERFORMANCE™ DOG FOOD

Available Sizes: 2kg, 4kg, 7kg, 14.5kg, 22.5kg

Guaranteed Analysis:

Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Ash (%)	Calcium%	Phosphorous (%)
12.0 Maximum	26.0 Minimum	9.0 Minimum	4.5 Maximum	9.0 Maximum	0.6 Minimum	0.8 Minimum

Benefits:

- **More Protein** for muscular strength
- **Optimal Fat** for increased alertness
- **Optimal Fibre** for proper digestion
- **Taste Optimized**
- **Smaller kibble size** for easier acceptance

COMMAND PERFORMANCE™

Powerful Nutrition for Active Dogs

COMMAND PERFORMANCE™ PUPPY FOOD

Available Sizes: 2kg, 4kg, 7kg, 14.5kg

Guaranteed Analysis:

Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)	Ash (%)	Calcium%	Phosphorous (%)
12.0 Maximum	27.0 Minimum	9.0 Minimum	4.0 Maximum	9.0 Maximum	1.0 Minimum	1.0 Minimum

Benefits:

- More Protein for muscular development and growth
- Optimal Fat for increased alertness
- Optimal Fibre for proper digestion
- Taste Optimized

PerrCmax[®]

ADULT DOG FOOD

ALIMENTO PARA PERROS ADULTOS

PerrCmax[®]

ADULT DOG FOOD
ALIMENTO PARA PERROS ADULTOS

Available Sizes: 2kg, 7kg, 18.1kg

Guaranteed Analysis:

Moisture (%)	Crude Protein (%)	Crude Fat (%)	Crude Fibre (%)
13.0 Maximum	21.0 Minimum	2.0 Minimum	4.0 Maximum
